Excellent quiet location for this large 1379 sq foot bilevel home. From the moment you enter this bright home you'll notice the natural light streaming through the multitude of windows. The large West facing living room has a gas fireplace and is open to the dining room with patio doors to the deck and good sized backyard. The kitchen offers classic white cabinets and a window with a view to the big backyard. This family friendly home has 3 good sized bedrooms on the main including the primary suite with an ensuite. You'll appreciate the new & next to new flooring throughout most of the home. The lower level feels non basement like with its bright windows.
